

# H-HIGHLIGHT

## PREPARATION EMAIL

Dear participants,

Thank you for your interest in our H-Highlight workshop for teachers. This workshop will take place on [time] at [place]. In this workshop, we will discuss with you how to translate skills that are specifically relevant to the Humanities more explicitly into your course design.

We would like to ask you to set aside about fifteen minutes for the following preparation:

- Please bring a pen and your laptop to the workshop, and also download the attached file "interactive powerpoint", since you might need this during the workshop.
- Think about the course you would like to work on in the workshop. This can also be a course in which you participate as an assistant or where you offer support as an educational developer. Our method is applicable to all courses, but if you want to be able to experience the added value of the method as much as possible, it is best to choose a course that is not practice-oriented or employability-oriented.
- Watch the knowledge clip about ASSET-H research on skills in the Humanities (7 min 25): <https://vimeo.com/637010721>
- Watch the knowledge clip on learning activities (2min42), which will be an important part of the workshop. Prof. Laurillard states that students store knowledge through 6 learning activities: <https://www.youtube.com/watch?v=wnERkQBqSGM&t=27s>

If you have any further questions, please let us know. We look forward to welcoming you to our workshop!
